CLASS-LEADING DESIGN: SPACIOUS, SMART, STYLISH

Highest seating comfort, open view of the water – in the cockpit lounge, you'll lose all feeling for time. In just a few movements, you can create a sunning isle that sets standards in this class.

- | **U-shaped lounge with seating for six.** The height-adjustable table and the fold-down sofa back let you quickly create a lounge space.
- | **Most storage of this class.** Electrically open the cockpit floor to store SUP boards, water-skiing kit and more within reach of the bathing platform (SEALINE S335v).
- | **Select material ensembles.** Teak, chrome and fabrics are a pleasure for your eyes and hands – from the upholstered seats to the bathing platform.

SUN, SKY AND SEA. FROM ALL SIDES.

Set high standards. Particularly on precious days which are all yours. On the SEALINE S335 and S335v, each square inch is committed to relaxation in style.

- | **Sun lounge for the entire crew.** Measuring 2.10 metres in length, with elegant head cushions along the entire width.
- | **Elegant bathing platform.** With warm-water shower, ladder and teak surface. On request, in an extra-long size with space for a small dinghy (SEALINE S335).
- | **Two adjustable sunroofs.** One above the helm, the other above the cockpit lounge. Enjoy life under blue skies – whenever and wherever you like.

BREATHE THE TASTE OF SUMMER

The cockpit – the perfect space for celebrating life together with the entire crew and your guests. Always part of the party are well-cooled drinks and freshly grilled delights. The outdoor pantry with fridge, sink and barbecue is perfectly integrated into the cockpit. For even more culinary pleasures, we're happy to build a high-quality pantry under deck, too.

LET THIS FABULOUS DAY NEVER END

The longer the evening, the more magical the moments. When the sun sets across the horizon and behind the water, a mystical painting is created – with you in the middle of it all. Together with the right beats, the optional entertainment system sends its high-end sound directly to the cockpit.

MORE LIGHT, MORE HEIGHT: A HOME BEYOND COMPARE

The owner's cabin is a masterpiece of colour, light and form. Drawn up by craftsmen of interior design, finished with elaborately selected materials – and outfitted with an essential extra touch of space.

- | **Daylight from three directions.** Three skylights and huge hull windows fill the cabin with the most wonderful light you can imagine: the sun.
- | **Opulent room.** The luxurious island bed offers lots of outstanding space, at a standing height of up to 1.95 metres – once again setting standards within this class.
- | **Fully equipped bathroom** offering high-quality designer fittings and a separate shower.
